

Please protect New Jersey's do not call Law. It has changed the quality time that I am able to spend with my family. I no longer have to answer the phone 5 times or more when I sit down to eat dinner with those that I love. I am able to watch a movie with my parents and sister without constant bombardment from telemarketers who do not take no for an answer. This law is so important for a generation who has so little time to spend with family.
